AIMS AND OBJECTIVES
The philosophy of the Faculty of Environmental Studies, Ambrose Alli University, Ekpoma, is to train the manpower needed for the creation of a decent environment for man. Consequently, degree programmes have been designed to:

- To respond to and provide leadership to meet the rapidly changing needs of our society.
- Provide a learning and research centre that prepares professionals with bias people-oriented activities, within the Faculty of Environmental Studies and the field of practice.
- To employ the Faculty’s manpower for resolving the environmental issues and problems in Nigeria, maximizing work, resources, fostering policies (international, national and local), which result in constructive activities that improve, enhance, and prepare professionals to carry out the Faculty’s mandate of creating an improved environment for man.

In achieving these objectives, the Faculty has drawn up degree programmes which place emphasis on producing practice professionals. ADMISSION REQUIREMENTS
